## MESSAGE OF THE PRESIDENT

### Dear Partners,

It is with great enthusiasm that we invite you to become a sponsor of the 2025 European Society of Veterinary Ophthalmology (ESVO) Meeting, which will take place in the beautiful city of Ghent, Belgium, from October 2-5, 2025.

The scientific program, which spans four days, will be centered around the theme of Feline Ophthalmology. We are honored to have renowned experts as confirmed speakers, including Dr. David Maggs (DVM, BVSc, DipACVO), Dr. Adolfo Guandalini (DVM, DipECVO), and Dr. Ron Ofri (DVM, PhD, DipECVO).

The event will be hosted at the Hotel NH Collection Gent, a modern and inviting venue that will accommodate both attendees and industry partners. We recommend that participants book their accommodations early, either at the venue or nearby, to ensure their stay.

Our goal is to foster an environment of collaboration and interdisciplinary exchange, where practitioners, researchers, academics, and industry leaders can come together to share knowledge, discuss advancements, and form valuable partnerships.

In addition to the scientific program, the ESVO meeting provides a wonderful opportunity for networking with peers from around the globe, meeting new contacts, and engaging with industry representatives in an open and friendly atmosphere. Attendees will also have the chance to enjoy social events, including a Welcome reception, a Gala dinner, and explore the rich history, culture, and natural beauty of Ghent.

We sincerely hope you will consider supporting this prestigious event and look forward to your involvement in making it a success.

Warm regards,

**Esmeralda Delgado**

(ESVO President)

# GHENT

Ghent is a city and a municipality in the Flemish Region of Belgium. It is the capital and largest city of the province of East Flanders, and the third largest in the country, after Brussels and Antwerp. It is a port and university city.

The city originally started as a settlement at the confluence of the Rivers Scheldt and Leie and in the Late Middle Ages became one of the largest and richest cities of northern Europe, with some 50,000 people in 1300. After the late 16th century Ghent became a less important city, resulting in an extremely well-preserved historic centre, that now makes Ghent an important destination of tourism.
